The USA 7s program have three players in camp for January who are training as guests.

Gabe Adler is a likely player for the USA Maccabi team. A dual USA and Israeli citizen, the 6-3, 240 23-year-old is back from service in the Israeli Army. He played basketball and football in high school in San Diego and was a high school All American in basketball. He is still relatively new to rugby and is working every day on his rugby at the Olympic Training Center as well as with the Maccabi team organizers.
